

THE ART OF WU, a multi-media tribute to the Wu Tang Clan, will bring together visual artists and underground emcees to create a tribute of epic proportions. We have a group of premier underground Jersey based emcees scheduled to perform. The featured acts will perform their own material over Wu Tang production. Featuring visual artists from across the east coast, the artwork will all be Wu Tang inspired, ranging from paintings to sculptures to large-

scale installations. We will also be projecting Wu Tang era kung-fu flicks on abandoned buildings outside the gallery. The art show kicks off from 6pm-9pm and performances are from at 9pm-1am. The event is hosted by [Black Collar Biz](#) and organized by the [S.A.G.E. Coalition](#).
